CBIZ, the nation's leading provider of employee management consulting, awarded Omega with a coveted 2017 Edington CBIZ Next Practice Award for Self-Leadership.

This award highlights Omega's "pioneering out-of-the-box approaches in their wellbeing programs to improve employee participation and outcomes and enrich the culture of the workplace".

### Omega Design Corporation

Omega is a global provider of innovative packaging solutions focusing on the pharmaceutical, nutraceutical, and consumer health care industries.

Since 1969, Omega has specialized in the design, manufacture, service and support of a broad range of container handling and packaging automation systems, which include Bottle Unscramblers, Desiccant Feeders, Shrink Bundlers and Serialization solutions.

**OMEGA** is a Proud Supporter of  
 DESIGN CORPORATION

S.T.E.M. INITIATIVES  
 COMMUNITY OUTREACH  
 WORKFORCE DEVELOPMENT

Omega is Proud to Work With  
 Community Organizations to Build  
 Stronger Workers, Stronger  
 Manufacturers, and a Stronger America

# OMEGA IS BUILDING STRONGER WORKERS, STRONGER MANUFACTURERS, AND A STRONGER AMERICA.

## Community Outreach

Omega advises and partners with educational institutions, governing bodies, and manufacturers to identify and fill industry training gaps, to provide work opportunities, and to promote U.S. manufacturing in general as a viable and rewarding career option.

## Workforce Development

Omega is committed to personal development and the growth of the U.S. Manufacturing sector and will provide educational opportunities whenever possible. Students, recent graduates, and professionals of all skill levels are encouraged to reach out to us. We would love to hear if you have specific manufacturing or educational goals in mind and think we can help. We might be able to customize a mutually beneficial program, if one doesn't already exist:

- Summer Internships
- Senior Design Projects (University of Delaware, Penn State University - Great Valley)
- Year-Round Apprenticeships
- Employee Training, Certification, and Educational Reimbursement

## S.T.E.M. Initiatives

Omega proudly supports S.T.E.M. education and regularly engages with organizations to develop and support initiatives within the community.

Omega actively participates in:

- Advanced Manufacturing Premier Expo
- CCIU Ascend Program
- Girls Exploring Tomorrow's Technology (GETT)
- Omega's "Machines in Motion" elementary school tour
- Manufacturing (MFG) Day
- Regional STEM Design Contests
- School expos and showcases
- What's So Cool About Manufacturing? video contest

Are you interested in an internship, apprenticeship or career opportunity at Omega?
